Sale Price: 119900 €

Land plot with a summer house and registered foundations in the Land Register, including two approved projects for the construction of a private house.

The property is located in a quiet private housing area, fully prepared for continuing construction of your dream home. A lot of investment has already been made, and the most difficult and complex stages are completed. The house projects were designed by experienced and recognized architects in Latvia. You won't find another house like this in the country. Every corner of the house is though...
