

A spacious apartment close to the center for people who want to create a living space that suits them.

Katoļu 9, Rīga

Deal: BUY

Type: Apartment

Total Area: 50.6 m²

Sale Price: 35000 €

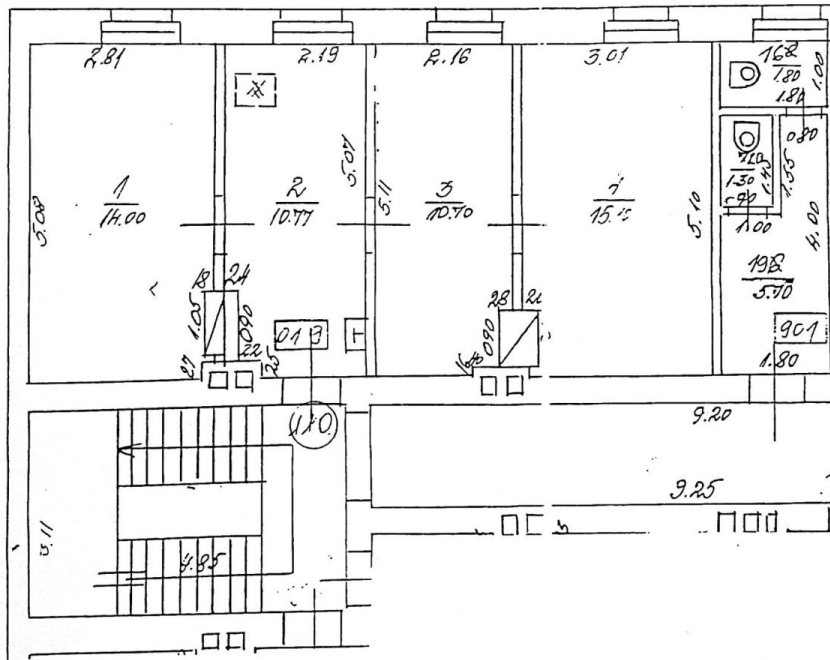

This part of Moscow Forshtat is developing every day and turning into a comfortable place to live. Pre-war houses are being renovated one after another around, new apartment buildings are being built. A new RIMI store was recently built, and city communications are being renovated.

The apartment is located on the 3rd floor of the house. Its windows face northwest. The afternoon sun shines in the apartment.

According to the current layout, the apartment has 3 rooms, one of which is walk-through.

However, all partitions are non-load-bearing, so...
