Building land in an exclusive location with a wide range of uses

The mixed center construction area (JC8) is a functional area in the territory of the historical center of Riga and its protection zone, where a wide spectrum of mixed use is planned and where the requirements for the use and construction of the territory are determined in the rules of the historical center of Riga and its protection zone.

The wide spectrum of construction allows the construction of objects such as:  
Construction of detached houses  
Construction of terraced...
