The land property is located in a quiet and scenic place - in Salacgrīva parish, on the way to Veczemju Klintis cliffs. It is very wide, with its unique terrain. 3 phase electricity is available, water is taken from a local well. The water quality is very good. 2.84ha of the entire property is made up of a forest that was planted in the 90s. Kurlīņupe flows through the property, which gives the property additional charm. There is a pond on the west side of the property, 2/3 of which belongs to the plot. There are several buildings on the plot...
