Tasteful and contemporary apartment in a renovated house. The house was completely reconstructed in 2013, by state-of-the-art standards. The house underwent a complete replacement of heating, water supply and sewerage infrastructure, as well as wiring and low-voltage networks. Full stairwell restoration and elevator installation. The house has an autonomous gas heating hub installed.

The apartment itself is after overhaul renovation. Very tastefully done, apartment comes with high ceilings. Only premium finishes were used. Floors of parquet, t...
