For sale very beautiful plot of land in Lestene municipality, Tukums district.

Total area 4.3 ha

The property has a long history and beautiful topography. In the centre of the property there is a mound on which there is still a house, an outbuilding and a sauna. The buildings are in need of repair but this is outweighed by the beautiful views around and the well-kept neighbouring property.

Very good driveway.

The property is close to the village of Lestene, about 3 km away. Also the A9 motorway Riga (Skulte) - Liepaja is about 3km away...
